23. Problem: (use additional Sheets if necessary)
Currently, PDPS users, uses the database being built as the default database. This CCR is intended to have all users of current PDPS/PLS database login into tempdb as a default database. New build database will add new logins which default to tempdb as per NCR 25758. All other subsystems except PDPS are already changed to tempdb as a default login.

Use the attachment to modify PDPS/PLS logins to default to tempdb.

25. Alternate Solution: (use additional sheets if necessary)
